

# CHRISTIAN RUSU

Broadcast & Audio-Visual Technician · Live Sports Production

Blonay, Vaud, Switzerland · +41 76 244 66 18 · chris@avlion-riviera.com

---

## PROFILE

Audio-visual and broadcast technician specialising in live sports production, backed by a First-Class BSc in Sound Engineering and Master's-level training in Digital Audio Engineering. Combines hands-on multicamera broadcast experience — Blackmagic camera operation, V-Mix vision mixing and control-room collaboration across live sports events such as football, tennis and basketball — with professional video post-production and a solid technical and IT foundation. Currently completing the CFMS pathway toward the Swiss Federal Audiovisual Technician certificate. Trilingual and known for reliability, composure under live conditions, and clear communication across technical teams.

---

## KEY SKILLS

**Live Broadcast:** Multicamera live production · Blackmagic cameras · V-Mix vision mixing · control-room workflow · OBS · Q-Lab show control · live streaming

**Audio:** Live sound engineering · Allen & Heath digital consoles · signal flow & troubleshooting · recording, editing & mixing · Logic Pro · Ableton Live

**Post-Production:** DaVinci Resolve editing & colour grading · sound mixing · corporate video delivery

**Technical / IT:** macOS & Windows · networking / TCP-IP · AV systems setup, cabling & de-rig · Webex · Microsoft Teams · MS Office / Exchange

**Lighting:** ETC Ion console

---

## EXPERIENCE

**Audio-Visual Broadcast Collaborator** — Brates SA, Gland, Vaud

*Jun 2024 – Present*

- Operate Blackmagic cameras for live multicamera broadcast of football matches and tennis and basketball tournaments.
- Collaborate with the control room and production team using V-Mix broadcast software to deliver live transmissions.
- Liaise with on-site technical teams to coordinate efficient, time-critical event execution.
- Set up, cable and de-rig broadcast and AV equipment within tight live-event timelines.

**Founder & Video Editor** — AVLion Riviera, Blonay, Vaud

*Jul 2024 – Present*

- Founded and run an audio-visual production company delivering editing, colour grading and audio post-production.
- Edit and colour grade in DaVinci Resolve; mix soundtracks in Logic Pro.
- Operate broadcast and playback software including V-Mix (PC), Q-Lab and OBS (macOS).
- Partner with production companies including Brates SA on live and post-production projects; produce original music in Logic Pro and Ableton Live.

**AV & IT Technical Assistant, Post-Production** — Quantum Leader, Blonay, Vaud

*Aug 2022 – Present*

- Deliver AV and IT technical support for corporate training sessions and retreats for blue-chip clients including GAVI, Medtronic, Heineken and Shell.
- Edit, colour grade and mix corporate video content for client delivery.
- Technical assistance to facilitation, and post-production assistance.

**Event Crew** — Gallowglass, London, UK

*Oct 2018 – Jun 2019*

- Supported staging logistics, setup and de-rig for festivals and large-scale events.

**Technical Assistant — Auditorium & Recording Studio** — International School of Lausanne, Vaud

*Mar 2016 – Jun 2017*

- Operated Allen & Heath digital audio console and ETC Ion lighting console for theatre and concert productions.
- Supported studio and auditorium infrastructure; introduced to Q-Lab show control.

---
